Work to start March 19 on K-14/K-96

Work is scheduled to begin March 19 on a surfacing project on K-14/K-96 four miles southeast of Nickerson to the east city limits.

The \$792,542 project involves nearly four miles. In badly rutted areas, workers will remove and replace four inches of asphalt. In other areas, workers will perform a half-inch mill. Upon completion of that, workers will place a 1.5-inch overlay over the project area.

APAC Kansas Inc. Shears Division of Hutchinson is the prime contractor for the project.

Flaggers will direct traffic during road work.

KDOT urges all motorists to be alert, obey warning signs and "Give 'Em a Brake!" when approaching and driving through a highway work zone.
