Milling and overlay project on K-53 to start April 16

A \$490,548 milling and overlay project along 4.7 miles of K-53 from the U.S. 81 junction to the west city limits of Mulvane is scheduled to begin April 16 and take 15 working days to complete.

A flagging and pilot car operation will direct traffic. Additional flaggers will be situated at the Kansas Turnpike entrance to handle traffic. The Kansas Star Casino will close its entrance at K-53 while work occurs in the area.

Cornejo & Sons LLC is the prime contractor for the project.

KDOT urges all motorists to be alert, obey warning signs and "Give 'Em a Brake!" when approaching and driving through a highway work zone.
