Bridge Repair East of Oxford

Starting on Monday, October 26, the Kansas Department of Transportation (KDOT) will begin a bridge joint replacement project in Sumner County on the East end of Oxford on the Arkansas River Bridge. This bridge repair project is scheduled to be completed by mid-December, depending on delays due to adverse weather conditions.

Traffic will be reduced to a single lane and controlled through the work zone by a traffic signal. During daylight hours, traffic control in work zone may result in travel delays of up to 15 minutes, or less.

PBX Corporation & Subsidiaries, from Sapulpa, Oklahoma, is the prime contractor for the \$100,522.54 bridge joint replacement project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2015.

For more information about T-WORKS projects and funding visit the website, www.ksdot.org/tworks. Highway construction project locations and road condition information can be viewed at the <http://511.ksdot.org> website, or can also be accessed by telephone by dialing 511.

KDOT urges all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through a highway work zone. Persons with

questions about this road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Zach Oswald, at 620-663-3361 or 1-877-550-5368 (Toll free).
