Overlay Project on K-49 from Caldwell to US-160/K-49 in Sumner County

Starting around Monday, April 18, the Kansas Department of Transportation (KDOT) will begin surface recycle and overlay project on K-49 Highway in Sumner County, from US-81/K-49 Intersection from the City of Caldwell to US-160/K-49 Intersection.

Traffic through this work zone will be controlled by flagmen and pilot car during the daytime, so drivers can expect delays of up to 15 minutes. The work area will move daily and work will be underway during daylight hours only. This project is scheduled to be completed in mid-June, depending on delays caused by adverse weather conditions.

APAC Kansas, Inc., Shears Division from Hutchinson is the prime contractor for this \$2,013,000 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature. For more information about T-WORKS projects and funding visit the website, www.ksdot.org/tworks. Highway construction project locations and road condition information can be viewed at the <http://511.ksdot.org> website, or can also be accessed by telephone by dialing 511.

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through a highway work zone. Persons with

questions about this road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Zach Oswald, at 620-663-3361 or 1-877-550-5368 (Toll free).
