# Work on K-49 Highway North of Caldwell to Resume

Beginning the week of June 27th, the Kansas Department of Transportation (KDOT) will resume construction on K-49 Highway in Sumner County to begin the chip seal process. This surface recycle and overlay project on K-49 Highway starts at the US-81/K-49 Intersection in the City of Caldwell to US-160/K-49 Intersection.

Traffic will be reduced to a single lane and will be controlled by flagmen and pilot car during the daytime. Traffic slowdown with delays should be expected with delays of up to 15 minutes. All loads over 12' of total width should seek alternative routes. This project is scheduled to be completed in August, depending on delays caused by adverse weather conditions.

APAC Kansas, Inc., Shears Division from Hutchinson is the prime contractor for this \$2,013,000 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature. For more information about T-WORKS projects and funding visit the website, [www.ksdot.org/tworks](http://www.ksdot.org/tworks). Highway construction project locations and road condition information can be viewed at the <http://511.ksdot.org> website, or can also be accessed by telephone by dialing 511.

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through a highway work zone. Persons with questions about this road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Zach Oswald, at 620-663-3361 or 1-877-550-5368 (Toll free).
