### **U.S. 166 bridge repair to begin soon in Cowley County**

Work will start soon to repair a U.S. 166 bridge over the Walnut River in Cowley County.

The Kansas Department of Transportation project will be at the bridge almost 5 miles east of the south junction of U.S. 77/U.S. 166. The location is just east of Arkansas City.

The work is expected to begin around Aug. 14 and be completed around Nov. 30.

During the work, traffic will be restricted to one lane, controlled by a 24-hour signal light. Motorists should be prepared to stop and expect delays of up to 15 minutes.

**The map below shows the approximate project location, marked in red.**

Wildcat Construction Co. Inc., of Wichita, is the primary contractor for the \$789,867 project.

For updated information on this and other KDOT highway projects and road conditions across the state, go to [www.kandrive.org](http://www.kandrive.org).
