K-177 resurfacing to start soon in Butler County

Work will begin soon on a \$3.3 million resurfacing of a 22-mile section of K-177 in Butler County.

The Kansas Department of Transportation project will be on K-177 from the U.S. 54 junction to the Chase County line.

The project – a milling and hot-mix-asphalt overlay – is expected to start around Aug. 15 and be completed around early October.

During the work, traffic will be limited to one lane during day-time hours and controlled by flaggers and a pilot car. Motorists should expect delays of up to 15 minutes.

The map below shows the approximate project location, marked in red.

APAC-Kansas Inc. Shears Division, of Hutchinson, is the primary contractor for the \$3,331,367 project.

For updated information on this and other KDOT highway projects and road conditions across the state, go to www.kandrive.org.
