## **Pavement marking project starts next week on U.S. 400 bypass at Parsons**

The week of April 23, weather permitting, the Kansas Department of Transportation (KDOT) plans to begin a pavement marking project on the U.S. 400 bypass at the city of Parsons.

The work starts west of the intersection of U.S. 400 and 24000 Road, continuing east for 11 miles to end east of Trego Road. The existing pavement markings will be removed and replaced. A pilot car will guide one-lane traffic through the work zone; expect brief delays during daylight hours.

KDOT awarded the construction contract of \$141,000 to Century Fence Co. of Pewaukee, Wis. The road work should be finished in early May, weather permitting.

Persons with questions may contact Bob Gudgen at the Kansas Department of Transportation (KDOT) office in Pittsburg, (620) 308-7621, or Priscilla Petersen at the Chanute KDOT office, (620) 902-6433.
