## KDOT patching concrete on U.S. 400 in Wilson County

The Kansas Department of Transportation (KDOT) has started a full-depth concrete patching project on a section of U.S. 400 in Wilson County. The project area begins at the Greenwood-Wilson county line and continues southeast to K-47 at Fredonia.

Work zone traffic is reduced to one lane with signals. Expect delays of 15 minutes or less. Weather permitting, the road work should be finished by the end of July.

KDOT reminds drivers to obey the signs and signals, and to slow down. Persons with questions may contact KDOT Superintendent Marcus Leck (620) 577-7313, or Public Affairs Manager Priscilla Petersen, (620) 902-6433.
