**U.S. 69 resurfacing project begins in March**

The Kansas Department of Transportation (KDOT) plans on Monday, March 1, to start a resurfacing project on U.S. 69 in Bourbon County. The project begins 2.1 miles north of the Bourbon-Crawford county line and continues north for 3.8 miles.

Project activity includes concrete patching, placement of a one-inch reflective crack interlayer, and a three-inch asphalt overlay. KDOT awarded the construction contract of \$3.5 million to Bettis Asphalt & Construction, Inc., of Topeka.

Traffic will be reduced to one lane at the work zone. Work on the project should be completed by mid-August, weather permitting. KDOT reminds drivers to obey the signs and traffic control devices, and to slow down. Persons with questions may contact Public Affairs Manager Priscilla Petersen, (620) 902-6433.
