## K-7 drainage survey begins in Cherokee County

Monday, June 28, the Kansas Department of Transportation (KDOT) plans to begin a field survey for a drainage repair project on K-7 in Cherokee County. The survey locations are north and south of Star Valley Road.

KDOT expects the survey to be finished by July 16. Activities include the use of survey instruments on the ground to determine locations of existing features within the corridor.

A member of the survey crew will contact property owners or tenants for permission to enter private property. Jeff Piroutek of the KDOT Bureau of Right of Way will manage the survey. Persons with questions may contact Public Affairs Manager Priscilla Petersen, (620) 902-6433.
