U.S. 59 resurfacing work starts April 8

Monday, April 8, the Kansas Department of Transportation (KDOT) expects to start resurfacing work on U.S. 59 in Labette County. The 17-mile project area begins at the north city limits of Oswego and continues west and north to Parsons.

Project activity includes a mill and inlay with rumble strips and edge wedge. Flaggers and a pilot car operation will direct one-lane traffic through the work zone during daylight hours. Expect delays of 15 minutes or less. The road work should be finished by June, weather permitting.

KDOT awarded construction contracts totaling \$5.1 million to Bettis Asphalt & Construction Inc., of Topeka. Check KDOT's updated traveler information website, www.kandrive.gov, for more highway condition and construction details. Persons with questions may contact Doug Pulliam at KDOT-Pittsburg, (620) 235-9523, or Priscilla Petersen at (620) 902-6433.
