Survey on K-33 begins this week

The week of May 9 the Kansas Department of Transportation (KDOT) expects to start a field survey on K-33 in Franklin and Douglas counties. The survey begins at 6th Street in Wellsville and continues north to the K-33/U.S. 56 junction. The 3½-mile-long survey is based on the existing highway alignment.

Survey crew members will gather information for the detailed design of future K-33 improvements. KDOT expects the survey to be complete by July 15.

Activities include the use of survey instruments on the ground to determine locations of existing features within the corridor. A member of the survey crew will contact property owners or tenants for permission to enter private property. KDOT Field Survey Project Manager Joe Bowen will manage the survey. Persons with questions may contact KDOT Public Affairs Managers Priscilla Petersen, (620) 902-6433, or Kate Craft, (785) 817-9366.
