Resurfacing project to begin on U.S. 166 and U.S. 169

Monday, March 27, the Kansas Department of Transportation (KDOT) expects to begin a resurfacing project on sections of U.S. 166 and U.S. 169 in Montgomery County. The mill and overlay work will start on U.S. 166 between the east city limits of Coffeyville and the east U.S. 166/169 junction, and then continue north on U.S. 169 for 4.2 miles to end at the Potato Creek bridge.

Traffic will be reduced to one lane in each direction on the four-lane highway sections. Flagger and a pilot car will direct traffic as needed on the two-lane section.

Weather permitting, the road work should be finished by May. Bettis Asphalt & Construction Inc., of Topeka is the primary contractor on the \$3 million project. Check KDOT's updated traveler information website, www.Kandrive.org, for more highway condition and construction details. Persons with questions may contact Area Engineer Geryd Erbele at (620) 577-7314 or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
