KDOT to construct passing lanes on U.S. 400 in Greenwood County

Monday, April 3, the Kansas Department of Transportation (KDOT) plans to start a project that will add passing lanes to both sides of U.S. 400 in Greenwood County. The two-mile project area begins west of the west K-99 junction (see map).

Traffic will be carried through construction with lane shifts. Flaggers and a pilot car may be used intermittently on the project, with traffic reduced to one lane and delays of 15 minutes or less.

KDOT awarded the construction contract of \$9.3 million to APAC-Kansas, Shears Division, Hutchinson. Weather permitting, the project should be finished by late December 2023. Check KDOT's updated traveler information website, www.Kandrive.org, for more highway condition and construction details. Persons with questions may contact Construction Manager Warren Ebberts at (620) 901-6549 or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
