K-3 resurfacing project will start next week

The week of July 30 the Kansas Department of Transportation (KDOT) expects to begin resurfacing the roadway on K-3 in Bourbon and Crawford counties. The mill and asphalt overlay project starts at the K-47 junction and continues north for 15 miles to end at the K-39 south junction. The highway will be resurfaced through the communities of Brazilton and Hepler.

Flaggers and a pilot car will direct one-lane traffic through the work zone during daylight hours; expect delays of 15 minutes or less. The project should be completed in two weeks, weather permitting.

KDOT awarded the \$861,000 construction contract to Shilling Construction Company of Manhattan. Drivers are reminded to watch for the signs and flaggers, and to "Give 'Em a Brake!" at the work zone. Persons with questions may contact KDOT Construction Engineer Bob Gudgen at (620) 308-7621 or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
