Brown celebrates 10 years of KDOT service

Bob Brown doesn't have a 4-year degree. He has a 40-year degree as a land surveyor and for the last ten years, Brown has served KDOT and both Southwest and South Central Kansas as KDOT's District Six and District Five Land Surveyor I. As a Land Surveyor, Brown is responsible for determining highway right of way, staking right of way for appraisal and purchasing, measuring stock piles and borrow pits and checking highway cross sections.

Bob graduated from high school in Alamosa, Colorado, attended Kansas State University and Johnson County Community College, and eventually completed a land survey course at the University of Missouri – Rolla. He then worked with a licensed surveyor for eight years becoming a licensed surveyor himself in 1988. After thirty years as a surveyor in the private sector, Brown joined KDOT as a Land Surveyor I in 2008. Bob says "It was the best decision I ever made. I'm a native Kansan and I always wanted to serve the people of Kansas". Brown's favorite part about working for KDOT is the people he works with in Districts Five and Six. "They are great people, very conscientious, encouraging and work together well.

Brown has two children, Shaunna and Christopher, and seven grandchildren. He enjoys snow skiing, hunting and fishing and is a Sol man. Honda Del Sol, that is. After purchasing one for his son, Brown now owns three of the iconic Del Sols.

Thank you, Bob for ten years of service to KDOT and Southwest Kansas.
