Bridge repairs resume on U.S. 400 in Kiowa County

The final phase of work will resume on three U.S. 400 bridges in Kiowa County on Monday, April 22. The project was suspended for the winter because proper temperatures for applying a polymer overlay and striping on the bridge surface were not occurring.

U.S. 400 will be closed between the junctions of U.S. 54 and K-34 for approximately three weeks. The first bridge is over Rattlesnake Creek 1.82 miles east of the Ford/Kiowa county line. The second is 5.58 miles east of the Ford/Kiowa county line. The third is 5.78 miles east of the Ford/Kiowa county line.

Traffic will follow a signed detour route using U.S. 54 and K-34. Travel delay will be about 15 minutes. A map of the detour is below.

PCi Roads LLC of Minnesota is the primary contractor for the $706,224 project.
