US-160 gets center line rumble strips

The Kansas Department of Transportation expects work to resume by Monday, July 21, on U.S. 160 from Ulysses to the junction with U.S. 83 and K-144. Surface Prep Technologies, LLC, will be adding center line rumble strips and KDOT expects the work to take up to two days to complete.

During this activity, traffic will be guided through the work zone by flaggers and a pilot car. The Kansas DOT urges drivers to pay attention to all work zone warning signs, slow down and be prepared to stop.

If you have questions on this project, you can call Greg Adams, Construction Engineer, at 620-624-4451 or Kirk Hutchinson, KDOT Southwest Public Affairs Manager, at 1-877-550-5368 (toll free).

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
