K-156 east of Hanston to get chip seal

The Kansas Department of Transportation expects a pavement sealing project on K-156 to begin possibly as early as Monday, July 6, weather permitting. The project runs from Hanston to the Hodgeman/Pawnee county line.

During construction, traffic will be limited to one lane through the work zone, guided by a pilot car. Drivers can expect delays of 15 minutes or less. The Kansas DOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

Heft and Sons, LLC, of Greensburg, is the primary contractor on this project at a cost of \$310,840. KDOT expects work on this project to be completed by July 17, depending on the weather.

If you have questions on this project, you can call Joyce Muhlenbruch, Construction Engineer, at 620-227-6122 or Kirk Hutchinson, KDOT Southwest Public Affairs Manager, at 1-877-550-5368 (toll free).

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
