RR crossing repair this weekend on US-400 west of Fort Dodge

Crews plan to begin repairing a railroad crossing on U.S. 400 Friday afternoon (October 23) at the crossing just west of Fort Dodge. The work will continue through the weekend and the Kansas Department of Transportation expects it to be completed by Monday morning (October 26).

During construction, traffic will be limited to one lane in each direction through the work zone. The Kansas DOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

If you have questions on this project, you can call Dale Luedke, Area Engineer, at 620-430-2336.

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1.
