## **Roadwork to Begin in Decatur and Sheridan Counties**

A project to seal 22 miles of K-9, K-123 and K-223 in Decatur and Sheridan Counties is scheduled to begin on **Tuesday, July 15th**, weather permitting.

Traffic will be reduced to one lane and controlled by flaggers and a pilot car during daylight hours. Minor delays should be expected during construction, not exceeding 15 minutes. The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through the construction zone.

KDOT awarded the construction contract – totaling \$522,000 – to Mid America Road Builders, Inc. **This project should be completed by August, weather permitting.**

This project is funded by TWORKS, the transportation program passed by the Kansas Legislature in May 2010. Find out more about this and other T-WORKS projects at: <http://kdotapp.ksdot.org/TWorks/>.

For questions concerning the project, please contact KDOT Area 4 Engineer Mathew Withington at (785) 672-3113 or [matheww@ksdot.org](mailto:matheww@ksdot.org) .
