K-23 Pavement Replacement Project to Begin in Sheridan County

On Monday, **March 17**, a pavement replacement project will begin on a 19 mile stretch of K-23 from U.S. 24 in Hoxie to the U.S.83/K-383 junction near Selden. The scope of the project is to remove the existing pavement, stabilize the base of the roadway, and construct a new wider pavement.

The roadway will be closed and traffic will be detoured onto U.S 24 and U.S 83 for the duration of the project.

Venture Corp. of Great Bend is the primary contractor on this project with a total contract cost of \$14.5 million.

The scheduled completion date to open the roadway to traffic is September 19, 2014.

This project is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2010. Find out more about this and other T-WORKS projects at: <http://kdotapp.ksdot.org/TWorks>.

For more information on this project, please contact Mathew Withington, Area Engineer, at (785) 443-1265 or matheww@ksdot.org or Travis Scott, District Construction Engineer, at (785) 871-1530 or TScott@ksdot.org.
