Roadwork to Begin in Wallace County

A project to resurface 16 miles of U.S. 40 in from the Colorado state line to Sharon Springs will begin on **Monday, June 16**, weather permitting.

The project will consist of a two ½-inch mill and four-inch overlay.

Traffic will be reduced to one lane and controlled by flaggers and a pilot car during daylight hours. Minor delays should be expected during construction, not exceeding 15 minutes. The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through the construction zone.

KDOT awarded these construction contracts – totaling \$3.9 million – to APAC-Kansas, Inc. **This project should be completed by mid-August, weather permitting.**

This project is funded by TWORKS, the transportation program passed by the Kansas Legislature in May 2010. Find out more about this and other T-WORKS projects at: <http://kdotapp.ksdot.org/TWorks/>.

For questions concerning the project, please contact KDOT Area 4 Engineer Mathew Withington at (785) 672-3113 or matheww@ksdot.org .
