Survey work planned on K-25 in Logan County

Starting Monday, Aug. 17, and continuing for approximately four weeks, a survey team from the Kansas Department of Transportation will begin conducting field surveys along K-25 in Logan County.

The survey work will be concentrated immediately south of Russell Springs near the Smoky Hill River Bridge and is necessary to gather information for a proposed project to replace the bridge. Motorists are urged to use caution when traveling through the survey area.

Survey crews will contact property owners and/or tenants for permission to enter private property, should access be needed. Michael Selley, P.S., is in charge of the survey work for KDOT.

For more information regarding the survey work, contact District Public Affairs Manager Lisa Mussman at 785-877-3315 or lmussman@ksdot.org.
