## Construction underway on K-383 in Decatur County

The Kansas Department of Transportation has started work on a mill and overlay project along K-383 in Decatur County.

The project area covers a 14-mile portion of K-383 from the Sheridan County line to the west city limits of Jennings. Traffic will be reduced to one lane through the construction zone and controlled by flaggers and a pilot car. Minor delays not exceeding 15 minutes should be expected.

Work is expected to be complete by the beginning of June, weather permitting.

Venture Corporation is the primary contractor for the project with a total contract cost of \$1.5 million. For more information, contact KDOT area engineer Eric Oelschlager at 785-626-3258 or [eric.oelschlager@ks.gov](mailto:eric.oelschlager@ks.gov).
