U.S. 24 to reopen to one-lane traffic

A portion of U.S. 24 from the K-18 junction in Graham County to Stockton will reopen to one-lane traffic on Wednesday, June 13. The road was previously closed because of damage to a box bridge structure and adjacent roadway located approximately 1 mile west of Nicodemus caused by heavy rains and flooding on Memorial Day.

Crews from the Kansas Department of Transportation are currently making repairs to the damaged section. Traffic will be controlled through the work zone by stoplights and a 14-foot width restriction will be in place. Minor delays not exceeding 5 minutes should be expected.

Motorists are reminded to slow down and be alert when approaching and driving through work zones.

For more information, contact KDOT area engineer Kevin Zimmer at 785-625-9718 or kevin.zimmer@ks.gov.
