Guardrail replacement starting on U.S. 36 in Phillips County

The Kansas Department of Transportation plans to begin a guardrail replacement project on a portion of U.S. 36 in Phillips County the week of Aug. 20.

Crews will be replacing the guardrail on the viaduct over the Kyle Railroad located approximately 2 miles east of Agra. Traffic will be guided through the work zone via flaggers during daylight hours and minor delays not exceeding 5 minutes should be anticipated. Work is expected to be completed by the end of October, weather permitting.

Mission Construction is the primary contractor for the project with a total contract cost of approximately \$199,000. Sub-contracts were also awarded to Whitney Construction and Farms and Fulsom Brothers Inc. For more information, contact KDOT area construction engineer Jim Riener at 785-543-2163 or jim.riener@ks.gov.
