Mill and overlay project starting on U.S. 183

The Kansas Department of Transportation plans to begin a mill and overlay project on a portion of U.S. 183 in Rooks County starting Wednesday, Aug. 21.

The project covers a 10-mile area from 12th Street in Stockton north to the Phillips County line. Traffic will be reduced to one lane through the construction zone and directed by flaggers and a pilot car during daylight hours. Minor delays not exceeding 15 minutes should be anticipated. Work is expected to be finished by the beginning of October, weather permitting.

Venture Corporation is the primary contractor for the project with a total contract cost of approximately \$1.1 million. For more information, contact Phillipsburg area construction engineer Jim Riener at 785-543-2163 or jim.riener@ks.gov.
