Bridge repair work starting on U.S. 24 near Alton

The Kansas Department of Transportation expects to begin work on a bridge repair project along U.S. 24 in Osborne County the week of May 13.

Crews will be repairing and overlaying the bridge carrying U.S. 24 over the south fork Solomon River drainage approximately 3 miles east of Alton. Traffic will be reduced to one lane across the bridge and controlled by stoplights. Minor delays, not exceeding five minutes, should be expected. Work is expected to be completed by the end of September, weather permitting.

L & M Contractors Inc. is the primary contractor for the project with a total contract cost of \$240,000. For more information on the project, contact Phillipsburg area construction engineer Jim Riener at 785-543-2163 or jim.riener@ks.gov.
