Resurfacing project starting on U.S. 40 in Wallace County

A project to resurface approximately 16 miles of U.S. 40 in Wallace County is expected to start this week, according to the Kansas Department of Transportation.

Work will consist of a 1-inch mill and 2-inch overlay beginning at the east city limits in Sharon Springs and ending at the Logan County line. Traffic will be directed through the work zone by flaggers and a pilot car during daylight hours, and minor delays should be expected.

KDOT anticipates work to be completed by mid-October, weather permitting.

Venture Corporation of Great Bend is the primary contractor for the \$2.1 million project. For more information, please contact KDOT area construction manager Todd Anderson at 785-672-3113 or todd.anderson@ks.gov.
