Bridge field survey to start in Logan County

The Kansas Department of Transportation plans to begin a field survey on July 19 for a proposed project to replace the bridge over the Middle Branch Hackberry Creek on U.S. 40 in Logan County.

The bridge is located just northeast of the west K-25 junction. Survey activities include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. KDOT expects work to be complete by Sept. 1

Crews will contact property owners or tenants for permission to enter private property if access is needed. Larry Glessner of BG Consultants will oversee the survey for KDOT.

Persons with questions may contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or lisa.mussman@ks.gov.
