**Field survey underway on K-27 in Wallace County**

The Kansas Department of Transportation has started a field survey for proposed improvements on a portion of K-27 in Wallace County.

The survey is for proposed pavement reconstruction and shoulder widening on approximately 5.5 miles of K-27 from Zigzag Road to the Sherman County line. Crews will also be surveying three bridges along the project corridor.

Activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. KDOT expects work to be complete by the end of December.

Crews will contact property owners or tenants for permission to enter private property if access is needed. Craig Chaney of McClure will oversee the survey for KDOT. Persons with questions may contact KDOT public affairs manager Lisa Mussman at 785- 874-8107 or [lisa.mussman@ks.gov](mailto:lisa.mussman@ks.gov).
