Bridge surveys starting on I-70 in Gove County

The Kansas Department of Transportation will begin field surveys on three bridges located along I-70 in Gove County starting today, Monday, June 12.

The bridge locations are 2 miles west of the K-23 junction near Grainfield, and approximately 3 and 1 miles west of the Trego County line. Activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. KDOT expects work to be complete by the end of July.

A member of the survey crew will contact property owners or tenants for permission to enter private property if access is needed. Kara LaRiviere, survey project manager will oversee the survey for KDOT.

For more information, please contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or lisa.mussman@ks.gov.
