Resurfacing work set for I-70 in Gove County

The Kansas Department of Transportation will begin work to resurface a portion of I-70 in Gove County starting Monday, July 10.

The project area covers approximately 20 miles, starting near Oakley at mile marker 75 and extending east to Grainfield. Work includes milling and overlay on both the westbound and eastbound lanes, with the westbound lanes to be constructed first. Traffic will be reduced to one lane with a decreased speed limit through the work zone. Minor delays, not exceeding 5 minutes, should be anticipated.

KDOT expects the project to be complete in early November, conditions permitting.

Venture Corporation of Great Bend is the primary contractor with a total contract cost of \$22.8 million. For more information, contact KDOT area construction manager Todd Anderson at 785-953-6011 or todd.anderson@ks.gov.
