K-181 bridge to be replaced south of Downs

The Kansas Department of Transportation plans to begin work on a bridge replacement project on K-181 in Osborne County starting on Friday, March 10.

Crews will be replacing the bridge spanning Twin Creek, which is located approximately 5 miles south of Downs. K-181 will be closed to traffic at the bridge during the project. Motorists should follow the signed detour on U.S. 24, U.S. 281 and K-18.

The new bridge is expected to open to traffic in November 2023, conditions permitting.

KDOT awarded the \$1.6 million project to Bridges Inc. of Newton. For more information, please contact KDOT area construction manager Dan Moore at 785-302-6205 or public affairs manager Lisa Mussman at 785-874-8107.
