Bridge repair project to start on U.S. 24 in Graham County

The Kansas Department of Transportation expects to begin work on a bridge repair project on U.S. 24 in Graham County the week of July 17.

Crews will be making repairs to the bridge located approximately 3 miles west of Hill City. During construction, traffic through the work zone will be reduced to one lane and directed by temporary traffic signals. Delays of up to 5 minutes should be anticipated.

KDOT expects the project to be completed in late November, conditions permitting.

Wildcat Construction of Wichita is the primary contractor for the \$718,000 project. For more information, contact KDOT area construction engineer Mitchel Johnson at 785-261-6132 or mitchel.johnson@ks.gov.
