**Field survey underway on U.S. 36 bridges in Phillips County**

The Kansas Department of Transportation has started field surveys for proposed improvements on two bridges located on U.S. 36 in Phillips County.

Crews are surveying the bridges located 1.82 and 2.72 miles east of the Norton County line near Prairie View. Activities include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. Work is expected to be complete in August.

A member of the survey crew will contact property owners or tenants for permission to enter private property if access is needed. Kara LaRiviere, KDOT survey project manager, is overseeing the project.

For more information, please contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or [lisa.mussman@ks.gov](mailto:lisa.mussman@ks.gov).
