Resurfacing work set for U.S. 83 in Thomas County

The Kansas Department of Transportation will begin work to resurface a portion of U.S. 83 in Thomas County starting the week of Aug. 14.

Project activity will include milling and overlay on approximately 11.5 miles of pavement, starting at the U.S. 24 junction and extending northeast to the Sheridan County line. Traffic will be reduced to one lane through the work zone and guided by flaggers and a pilot car during daylight hours. Delays of up to 15 minutes should be anticipated.

KDOT expects the project to be complete in late October, conditions permitting.

McCormick Excavation and Paving of Stratton, Colorado, is the primary contractor with a total contract cost of approximately \$4.5 million. For more information, contact KDOT area construction manager Todd Anderson at 785-953-6011 or todd.anderson@ks.gov.
