Pavement marking on I-70 in Geary County resumes

The Kansas Department of Transportation has resumed a pavement marking project on I-70 from the Dickinson/Geary County line to the intersection of I-70, K-18, and Clarks Creek road in Geary County.

During daylight hours, traffic will be reduced to one 14-foot lane at a reduced speed where removal and striping operations are being performed. Drivers should expect minor delays, not exceeding five minutes.

Innovative Marking Systems Inc. of Bluffdale, Utah is the prime contractor for this \$659,184 project. The contractor has scheduled this project to be completed in June, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a work zone.
