## Resurfacing on I-70 begins today in Saline County

On Wednesday, August 12, the Kansas Department of Transportation will begin a mill and overlay on I-70 in Saline County. Work on the westbound and eastbound lanes of I-70 will occur between the Hedville Road interchange and the I-70/I-135/U.S. 81 interchange.

Construction will take place Monday through Friday with occasional Saturday work during daylight hours. Traffic will be reduced to one 15-foot lane at a reduced speed through the work zone. Drivers should expect minor delays, not exceeding five minutes.

APAC Inc. of Hutchinson is the prime contractor and has scheduled this \$2.5 million project to be completed by October, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
