I-70/US-81 Interchange Sign/Truss Replaced in Saline County

The Overhead Truss holding signing for westbound I-70 traffic entering US-81 northbound at the I-70/I-135/US-81 Interchange will be replaced beginning August 24, 2015. Plans call for the new truss to be erected over the on-ramp before transferring the signage followed by removing the old truss. During most of construction traffic will be restricted to one lane. A temporary detour Taking I-70 westbound traffic to the Halsted Rd Interchange turning traffic eastbound on I-70 to enter US-81 will be in effect for one day late in construction to facilitate the hanging of the signage.

Drivers need to be prepared to slow and follow the signs thru construction. Plans call for the repairs to be completed September 8th weather permitting.
