## Bridge deck repair on I-70

Work will begin on Wednesday, **May 17**, to repair the surface of the bridge deck on the eastbound lanes of the Clark's Creek Bridge on I-70. Lane closures will alternate beginning with the passing lane between mile markers 303 and 304, with a width restriction of 14 feet. Speed will be reduced to 60 mph through the construction zone and motorcycle riders should be aware the bridge will have a milled surface with an asphalt taper on and off the bridge.

Wildcat Concrete Services of Topeka is the prime contractor for this \$228,654 project with work expected to be completed by mid-August, weather permitting.

Persons with questions may contact Becky Newbury at the KDOT office in Junction City, (785) 238-4900, or Donna Tollerton at the Salina KDOT office, (785) 823-3754. You can stay aware of all road construction projects across Kansas at [www.kandrive.org](http://www.kandrive.org) or by calling 5-1-1.
