### **U.S. 36, K-261 to be resurfaced in Norton County**

The Kansas Department of Transportation plans to begin resurfacing work on portions of U.S. 36 and K-261 in Norton County around Wednesday, Sept. 6.

Project activity will include milling and overlay on approximately 15 miles of U.S. 36 starting at the Decatur County line and ending near West Avenue in Norton. Construction crews will also complete a mill and overlay on 1.2 miles of K-261 near the Prairie Dog State Park. Traffic will be reduced to one lane in the construction zones and directed by flaggers and a pilot car during daylight hours. Motorists should plan for delays of up to 15 minutes.

KDOT expects the projects to be completed by the end of October, conditions permitting.

APAC-Kansas Inc., Shears Division, of Hutchinson is the primary contractor for the projects with a combined contract cost of approximately \$6 million. For more information, contact KDOT Area Construction Manager Dan Moore at 785-302-6200 or [daniel.moore@ks.gov](mailto:daniel.moore@ks.gov).
