K-14 sidewalk improvement to begin in Lincoln

Beginning Monday, Feb. 5, the Kansas Department of Transportation will begin a sidewalk improvement project along K-14 in Lincoln.

Project activity includes the installation of ADA ramps which will tie into the existing sidewalks along K-14.

During the duration of the project, there will be little to no impact on traffic with occasional sidewalk closures along K-14 between W Yauger Street and W North Street in Lincoln.

Multicon Inc. of Park City is the prime contractor and has scheduled this \$175,162 project to be completed in early May 2024, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.gov or call 5-1-1.
