K-25 project north of Leoti set to start

The Kansas Department of Transportation expects work to begin on Monday, April 2, on a resurfacing project on K-25 from I Street in Leoti, north to the Wichita/Logan County line. The project calls for milling one inch of the existing asphalt surface and then overlaying the roadway with 1-½ inches of hot mix asphalt.

Traffic will be reduced to one lane through the work zone during daylight hours, guided by a pilot car. Drivers can expect delays of 15 minutes or less. The Kansas DOT reminds drivers to pay attention to all work zone warning signs, slow down and be prepared to stop.

The primary contractor on this approximately \$1.2 million T-WORKS preservation project is APAC –Kansas, Inc., Shears Division, of Hutchinson, Kansas. KDOT expects this project to be completed by May, weather permitting.

KDOT also reminds drivers that K-25 is closed in Logan County from Russell Springs, north to the west junction of K-25 and US-40. The official detour route follows K-96 to US-83 to I-70. You can keep tabs on road construction across Kansas by logging onto www.kandrive.org.

If you have questions on the K-25 project in Wichita County, you may contact Larry Meyer, Construction Manager, at 620-384-7821, or Kirk Hutchinson, Southwest District Public Affairs Manager at 1-877-550-5368 (toll free).
