Bridge project resumes on U.S. 56 in Haskell County

Work has resumed on a bridge repair project in Haskell County. The bridge is on U.S. 56 over the Cimarron River, about ½-mile northeast of the Seward/Haskell county line. This phase of the project involves overlaying the bridge deck.

During daylight hours, when work is underway, traffic will be limited to one lane across the bridge, controlled by flaggers. Delays should be minimal. The Kansas DOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

PBX Corporations and Subsidiaries of Sapulpa, Oklahoma, is the primary contractor on this project at a cost of approximately 350 thousand dollars. KDOT expects work on this project to be completed by the end of July, depending on weather.

If you have questions on this project, you can call Greg Adams, Construction Engineer, at 620-624-4451.

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
