Bridge Replacement on K-266 in Republic County

Beginning Monday, Sept. 30th a project to replace a bridge on K-266 is scheduled to begin. The project involves the removal of the bridge 2 miles north of the US-36/K-266 junction then construction a new bridge in its place. K-266 will be closed to traffic throughout construction. North bound traffic will be detoured 2 miles west on US-36 then 6 miles north on 30th Rd. then 2 miles east on Jade Rd. to rejoin K-266. South bound traffic will follow the detour in reverse. Plans call for this project to be completed on or about mid-February weather permitting. Because this project will occur during winter months the completion date for this project is flexible

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at www.ksdot.org/tworks.

Reece Construction Co Inc. of Scandia, KS, is the prime contractor for this project. Project costs are \$838,100.15.
