On Friday, June 7 there was a public meeting held at Colby's Law Enforcement Training Center.

The engineering firm Kirkham Michael (in conjunction with Thomas County, the city of Colby, and KDOT) compiled multiple engineering concepts to improve the traffic efficiency and safety of certain locations in and around Colby. These concepts are still preliminary in nature and the goal of the meeting was to solicit local input and ideas to assist us with drafting the final plan later this summer.

A second public meeting is planned later this year to share the draft plan and solicit additional local input.

Please fill out the accompanying comment form, and return it to:

Kirkham Michael

Attn: Colby ATP Project Manager

217 North Douglas

P.O. Box 4

Ellsworth, KS 67439 no later than July 9, 2013.

Thank you for your valuable input.
