Survey to take place in McPherson County on I-135

Starting on or about March 12, 2012, and continuing for four months, surveyors will be performing survey work for the Kansas Department of Transportation (KDOT) to gather information needed for the detailed design for a proposed new I-135 interchange at Mohawk Rd north of the city of McPherson.

The survey will take place in McPherson County along I-135. A member of the survey crew will first contact property owners and/or tenants for permission prior to entering private property. Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.

David Kneubuhl, with the consultant firm of H.W. Lochner Inc., will be in charge of this survey for KDOT.

This information can be made available in alternative accessible formats upon request.

For information about obtaining an alternative format, contact the Bureau of Transportation Information, 700 SW Harrison St., 2nd Fl West, Topeka, KS 66603-3754 or phone 785-296-3585 (Voice)/Hearing Impaired – 711.
